

BRAND SHEET · OCTOBER 2026

Guita_Ink

Illustration and character design, anime and manga-influenced. The artwork is the loud thing; around it, a dark ground and *one green*.

ON VOID

ON PAPER

The frog coin: Frede's own frog, traced to vector from his drawing and set on a coin of Frog green, so his black line does the drawing, like a stamp.

- Use the supplied files as they are: frog-logo.svg (vector, any size) or frog-logo-1024.png.
- Never redraw, recolour, stretch or animate the frog.
- Always the whole coin. The circle keeps one shape everywhere: a browser tab, the shop, an Instagram avatar.

- One accent: the frog's green. No second colour, no gradients, no glow. The frog's belly, mouth and eye colours stay in the logo.
- Text and marks on green are Void, never white: Void on Frog reads 7.45:1, white only 2.66:1.

CMYK figures are straight conversions from RGB. Ask the printer for a proof before a run.

RULES
REGRAS

- Fan art is never sold. Prints and merch carry original work only; fan art can be shown, never sold.
- Lines, not boxes: 1px hairlines, no shadows. Corners are near-square (2px); only small tags are round.
- Give the art air. Dark ground, one green, generous space, nothing competing with the drawing.
